

East Cobb Pipeline Project

2015—2017

The **East Cobb Pipeline Project** is replacing 6.1 miles of pipe that is more than 50 years old with new, larger pipes that will meet the CCMWA service area’s current and future water needs. **The project will be completed by the end of 2017. Construction is divided into 3 sections:**

Section 1

Will begin at the intersection of Lower Roswell Road and Gant Place (west of Old Canton Road), progressing west on Lower Roswell Road and then Terrell Mill Road, stopping at Powers Ferry Road.

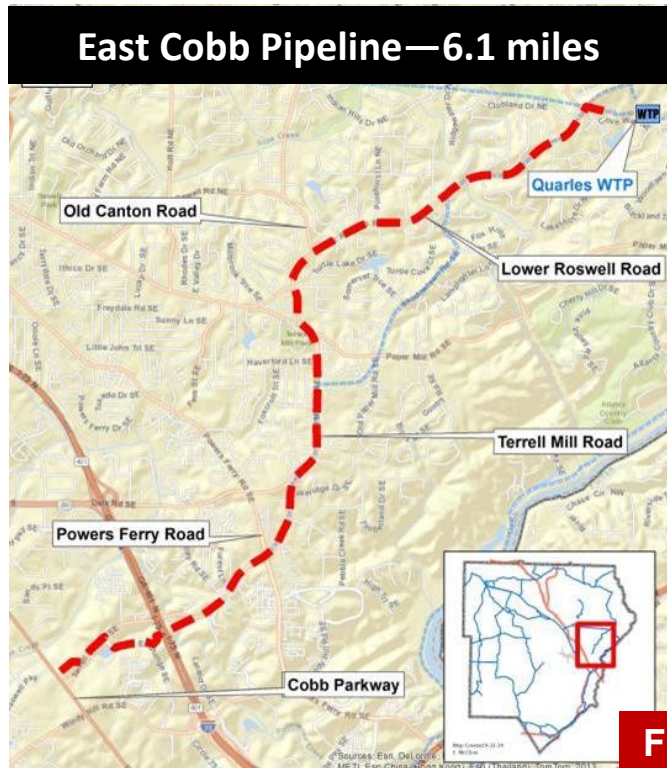

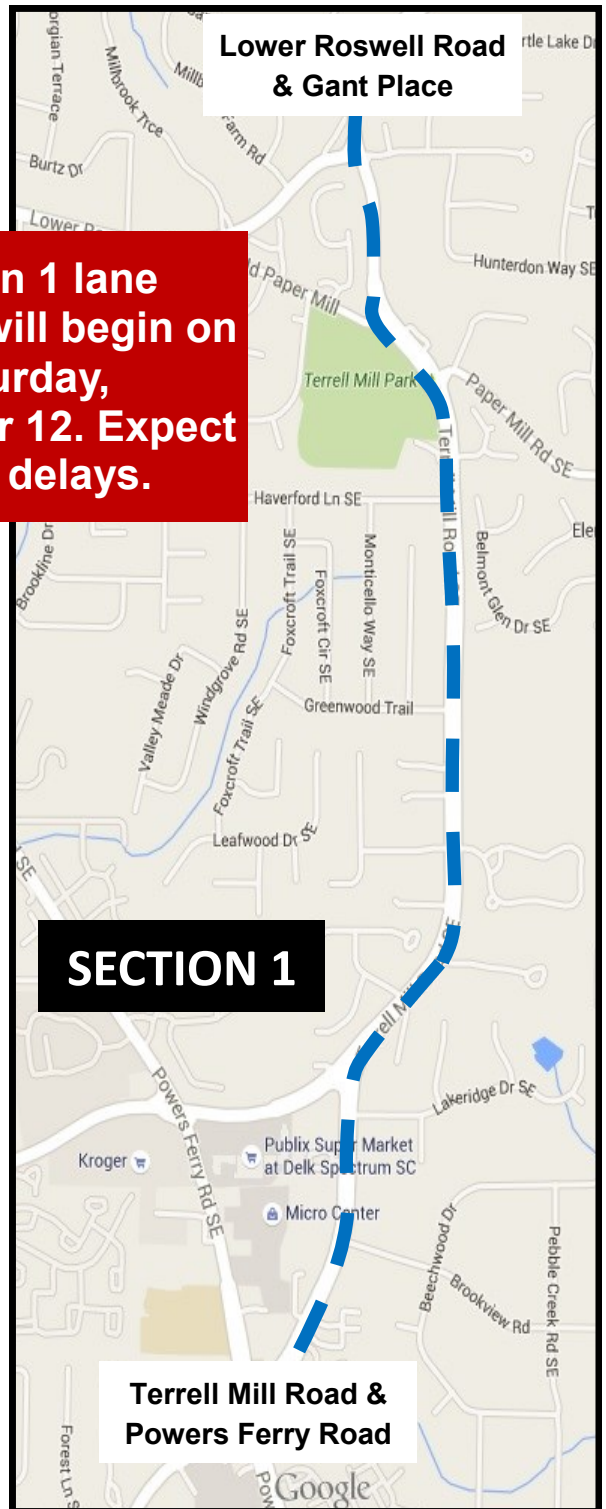

Section 1 lane closures will begin on Saturday, September 12. Expect traffic delays.

Section 2

Expected start date: Early October 2015
Will begin on the west side of Powers Ferry Road and will progress west, mostly along Terrell Mill Road, to US 41.

Section 3:

Expected start date: Spring 2016
Will begin at Indian Hills Parkway and Cove Drive, progress west along Lower Roswell Road and stop at Gant Place.
